Think Tank Notes - 15 November 2020

Full Steam Ahead

Today's meeting of the Think Tank was very productive and attended by about two dozen attendees from across District 23.

My aim is to get the notes circulated as soon as possible so we can start acting on them! So grab a coffee, make yourself comfortable, look through the materials and reflect on how you would like to contribute.

A special THANK YOU goes to Jasmine Schiujers for her great climate presentation. If you were unable to attend the Think Tank meeting - you can watch it at the start of the Zoom recording of the meeting.

As before, I have used the PowerPoint agenda as the basis for the notes. It includes many links with comments and actions in turquoise boxes throughout the presentation. It is in pdf format so you should be able to read it on any device, anywhere, any time.

Many thanks to Helene Jaccomard from ZC Perth for putting her hand up to do the Facebook page. Remember that we are always looking for interesting stories to put on the website and social media. Let us know about your personal experiences with reducing emissions, talking about climate change, or finding environmentally friendly products. We hope to do some podcasts in the not too distant future, so if there are particular subjects you would like to have covered, please email them to zontasaysnow@gmail.com.

Remember that the ZC of Melbourne-on-Yarra's evening with Natalie Isaacs (the CEO of One Million Women) is on Wednesday and tickets are available via Humanitix. This is a webinar so anyone can attend. (Be aware of time zones...)

We have come a long way in a couple of months and I thank you all for your positive attitude and willingness to join this grand adventure. At every meeting, new ideas are shared and discussed and, through this process, we are slowly getting to know each other better. With the borders slowly coming down, let's hope that we will be able to meet face-to-face in Bendigo next year!

Keep safe and have fun in the holiday season.

Kind regards

Carole
