March Think Tank Notes

What's been happening?

Many thanks to all those who attended yesterday's Think Tank Zoom meeting. There were representatives from every area in District 23, and it was lovely to see our International liaison, Florence Fischer-Herber, who is based in Luxembourg.

The United Nations has given us two challenges to achieve by 2030: halve greenhouse gas emissions and achieve gender equality. Are you up for them?

Read the notes from the Think Tank meeting and follow the links to a range of short videos. You will see that through Zonta Says NOW, we can go a long way to achieving these UN goals.

Our next meeting is booked for 1 May, so please put it in your diary now.

I've uploaded the meeting notes to the *Think Tank - meetings* area of the website.

As I think emails sent via Send in Blue are ending up in Spam folders, I will send a separate email to the Think Tank members to remind them to check this out.

Thank you all for your ongoing support!

Kind regards

Carole
