Think Tank Notes
August 2021

What a great meeting!

We covered a lot of ground in yesterday's meeting, so now it is time to sit back and reflect on what happened!

It was a wonderful event yesterday with participants from five time zones.

Special thanks go to International Vice President Salla Tuominen from Finland for her presentation on how her team developed the ZI Statement on Climate Change. We also appreciate young Isaac Goddard giving us a behind-the-scenes view of the School Strike 4 Climate. What an impressive, articulate young man! We also thank Zonta International Director Florence Fischer-Herber in Luxembourg for her ongoing support.

The meeting notes have been uploaded to the Zonta Says NOW website and the full results from the survey. Would you please take some time to read through the survey's comments as they are very informative? The slides created from the survey data are in the meeting notes.

Can you please thank your club members for participating in the survey? Without their contribution, we would not be able to improve our website and messaging.

Please note the next meeting in your calendar today. We will send out the agenda nearer the date.
