BUILD A BETTER WORLD FOR WOMEN AND GIRLS

ZONTA SAYS NOW TO GENDER-EQUAL CLIMATE ACTION

Zonta Says NOW Think Tank
ZOOM MEETING AGENDA
Saturday 15 April 2023

Working together

Have you heard of the lesson of the flying geese? It states that people who share a common sense of direction and community can get where they are going quicker and easier because they are travelling on the thurst of one another.

With *Zonta Says NOW to gender-equal climate action*, we work like geese to gather our networks of like-minded people so that we can lead, raise awareness and advocate for gender-equal climate justice.

At our last meeting in February, we talked about disaster preparedness, advocating for more women to be involved in the disaster planning process and showed tools from each State and Territory to help us make personal disaster plans.

Following on from this theme, at our April meeting, we are delighted to welcome two guest speakers.

Amanda Lamont. Amanda is the Australasian Women in Emergencies (AWE) Network Vice-President and Co-founder. Amanda also leads the AWE Women in Emergencies for Climate Action Chapter that has five focus areas:

- women working and volunteeering in emergencies
- communities
- environment, conservation and biodiversity
- gender
- research

Joyce Erceg is from the Citizen's Climate Lobby Australia. This grass roots organisation works around Australia to build non-partisan relationships with political and business leaders. They focus on accelerating solutions to climate change through democracy. In short, they are all about making friends with people in power. Joyce will share with us what this means in practice!

This is a meeting, not-to-be-missed!

Please let me know if you can attend by emailing a YES to info@zontasaysnow.org.au

Keep breathing, keep smiling and have fun!

Kind regards
